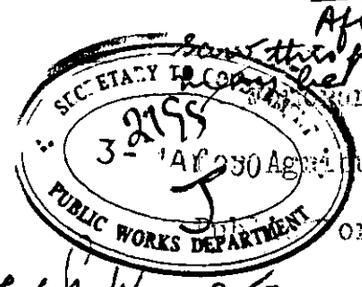
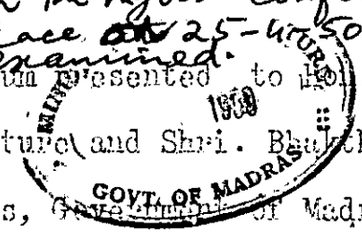
[Despatch Abstract.]

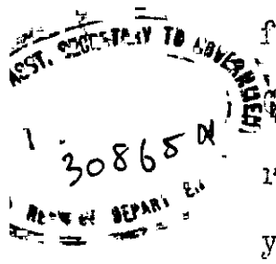
Advances - loans - (S. Kanara) - puttur Th- punichappady Vge - loan of Rs 25,000 for reclamation of land and for construction of irrigation works - Application of P. Venkatramana Bhat of Kasaragod Request- Negatived..





After the Kyoto Conference at Kuttur I went on saw the place on 25-4-50 The requests made in the memorandum presented to Hon. Shri. A.B.Shetty, Minister for Agriculture and Shri. Bhakthavathsalam, Minister for Public Works, Government of Madras. be examined.

I am a resident at Parthaje of Venrakaje Village Bantwal Taluk of this District. At a time when scarcity of Food was keenly felt, resolving within my self to do my bit in raising more food crops, and searching out suitable plots, I selected this spot. Utilizing all my incomes, I started this work after obtaining the necessary permission from the Revenue Board and as per plan approved by the Collector in his Order No.R.Dis.2540-48 dated 21-12-48, and the same has reached the present stage. I am not inclined to place before you the various difficulties I experienced so far and waste your precious time. All the said difficulties are borne out by records, and the District Officials may possibly apprise you of the same on account of several difficulties I feel that I cannot proceed further without help from the Government. Hence if you are satisfied with the work already done by me, and seen by you, I request you to help me at an early date in the following matters.



1. I request the Government to lend me free of interest on the responsibility and charge of my immovable properties Rs.25,000/- on condition that I should repay the same in annual instalments of Rs.1000/- 25 years. My immovable properties fetch an income of 50 candies of areca, 600 muras of rice, 10,000 cocoanuts, 3 candies of pepper per year. The said properties are now encumbered to the extant of Rs.11,000/

2. I must be given a permit free of seignourage, for felling timber and using the same for the purpose of the Ancert.

3. I must be granted on Darkhast the revenue lands on either side of the channel leading from the Ancert.

4. The Government should not charge me any rent fo the Bull grader and Tractor already ordered to be made available to me by the District Officers.

The road in which you have travelled to day u to the Anecut has to be continued to two more miles and connected with Dambe Kuniyoor road near Pudubettu Basthy. The said road could pass over my Anecut and I am prepared to give my written consent for the same. Engineers are of opanion that by a little widening of the peirs of the present Anecut, the same could be converted into a Bridge also.

The above are my minimum requests. If the Govern--ment helps me in the matter, by grace of God, I undertake to com plete the work as soon as possible. With your substan--tial help and on completion of the work, not only ~~as~~ --- intended the yenel crop could be raised. but also according to Engineers estimate even two crops could be raised easily in about 2000 acres extant of fields. After raising the 2nd or Suggi crop in the same to the extant possible even the 3rd Kolke c rop could be raised. And I shall feel highly recompensed for my work if thereby I have contributed my bit in raising more food and Helping in the said cause. Once again I appeal to you to help me in getting my requests.

I feel happy that you have thought it worth while to come over here to see my work in this village situated is in the Eastern interior parts of this District. I am for ever grateful to you in the matter. I have also to thank all the public, friends, and relations also who have assembled to day here on the occasion.

Please see the petition at pp 1-2 ante and the minutes of HH(Agts) and HH(OU) at p 1 ante.

2. This Dept are concerned with the request for an amount from [illegible] 25,000/- referred to at 2 in the petition at p1 ante. Under rule 21 of the H.C.L. Ad. (General) Rules 1933, no loan shall be granted unless the value of the security offered exceeds by at least one-third the amount of the loan applied for. There may not be any objection to granting the loan applied for provided that the conditions referred to above in the rule are satisfied. However, it appears that an interest at the current rate viz. 4½% p.a. will have to be charged on loans of the kind referred to in the petition. With reference to HH's minute, an extract of the petition (request for loan) may be forwarded to the Board of Revenue for remarks. Subject to orders a draft Endt is submitted for approval. After issue of the Endt, the file may be passed on to L.A. for necessary action in so far as the request with which they are concerned. Extracts being kept in watch this Bdo accordingly.

Sub: ADVANCE LOAN - South Kanara District - Kasargod Taluk - Petition of Sri Venkataramana Bhat - Regarding construction of an anicut across Surve river - Report on the.

Ref: From the Board U.O.V.6828/50 dated 29-3-51.
& This Office D.O.No.1909/51-B-16 dated 20-3-52.

With reference to the above I am enclosing a copy of Collector's proceedings R.Dis.2540/48 dated 21-12-48 wherein the Collector has permtted the individual to construct the anicut across a stream in Porombok land at his own cost subject to the conditions cited therein. The Board in forwarding the petitioner's letter for a loan, seeks to elicit the definite opinion of the Chief Engineer in regard to the " desirability of permitting a private individual to construct a dam across the stream when Government could well have undertaken the construction." The party having been permitted by the Collector in 1948, has now constructed the anicut almost to completion and it is reported that only sundry items of work such as earth connections, stone revetment etc. remain to be done. By this scheme about 143 acres of waste lands can be converted into wet which would yield about 70 tons of rice. The supply channel from the anicut is reported to be under execution for the first 1¼ miles and in this reach the party expects about 35 acres to be benefited as a first stage of the scheme, for the reclamation of which it would roughly cost Rs. 17,500 at Rs. 500/- per acre. The immediate Grow More Food potentiality of this scheme can thus be seen to be not very bright. For these reasons the question of Government undertaking the work does not arise at this stage.

2/ In any case the loan can be granted on the security of the applicant's lands and not on the anicut structure which may or may not be satisfactory in practice. This may arise due to inadequate design or poor materials and nature of work done. The anicut should however become the absolute property of Government after completion being on Government land and across a natural stream whose waters vest in Government. The party may be allowed to repair the structure as may be necessary and with the permission of Government without affecting ownership of the work by Government, and right of Government to themselves repairing it. The Government should be free to use the anicut in any case and channels taking off from it for the irrigation of other lands with or without improvements as it suits them and collect water rates. Water rates chargeable on the party may however be adjusted against instalments of loan due from him.

3/ An agreement in suitable form as in case of standard form for contribution works built on Government Irrigation Canals may be also taken by the Collector.

Copy of proceedings letter R.Dis.2540/48, dated 21-12-48 from the Collector of South Kanara, Mangalore to Sri. Parthaja Venkatramana Bhat S/O Narayana Bhat, residing at Moorkaje, Puttur Taluk, Vittal Post Copy of to the Ex.Engineer, South Kanara Division, Mangalore.

Sub:- Irrigation (South Kanara) Puttur Taluk - Punachappadi village - Construction of a dam across stream in S.No.39. Application of Sri. Parthaji venkatramana Bhat.

...

Read: 1. Collector's proceedings L.Dis.5189/47, dated 15-10-47.
2. From the Bd.of Revenue Ref.H-71/48-2 dated 3-2-48. communicating copy of petition of Sri. Parthji Venkatramana Bhat, S/O Narayana Bhat, residing at Moorkaje of Vithalpadmur village, Puttur Taluk, Vittal Post.
3. From the Ex.Engineer, S.Kanara Dvn.Mangalore letter No.3008 M dated 5-10-1948.
4. From the Bd.of Revenue B.P.Routine 7960 dated 30-11-48.

...

Under the provisions of B.S.O. 7 as amended by Board's Resolution Ms.No. 1334/45, dated 7-9-45, permission is granted to Sri. Parthje Venkatramana Bhat, S/O Narayana Bhat of Vithalpadnur village, to construct a permanent dam at his own cost, across the Poromboke stream. in S.No. 39 of Panachapadi village, Puttur taluk subject to the follow

conditions:-

1. wet assessment will be imposed on dry lands converted as a result of this dam, in the fifth year of cultivation and garden assessment on dry lands converted into gardenish the trees begin to bear.
2. The plan of construction of the dam should be previously approved by the Collector.

3. After the completion of the dam, no structural alteration will be allowed without previous permission of the Collector.

4. A foot-bridge of the type approved by the Collector shall be constructed by Sri. Purthaji Venkatramana Bjat actoss the stream within one year of commencement of the work at a place approved by the Collector.

5. The work is liable to be stopped or removed, if at any time it is found that it will impair any public or private interests.

6. A licence fee of Re. 1/- (One only) per annum will be paid to Govt. by Sri. Parthija Venkatramana Bhat.

7. The Government reserve the right totake over the dam and carry out improvements to the scheme, if other ryots improved their lands and make them commandably by it.

8. The work is liable to stopped if any of thevgrant of this permission is violted.

(Sd.) xxxxxxx

KAG/3-11. /True Copy/

RV

I inspected the site of the dam, and the area it is intended to irrigate. I have also discussed about the scheme with the Executive Engineer who has seen the plans the estimates and also seen the work while in progress. a dam with planking arrangements, and during the monsoon the planks are removed so that the flood water may freely flow in the river. After the monsoon is over the planks will be fitted into the dam and water diverted along the channel cut along the left side of the river. No vested interests lower down the river are affected by the scheme, and according to the Executive Engineer the scheme will be a success and will be a real add to the productive resources of the District. The petitioner has spent already Rs.28,125/- on this work. The cost of the work remaining to be done is just Rs. 19674/- or Rs.20,000/-. The petitioner has already obtained a loan of Rs.15,000/- on 21-6-50 from the land mortgage Bank, Puttur at 4½% interest repayable in 20 annual instalments. It is learnt that he has spent this money on this scheme.

5. The petitioner offers as security his mooloogeni lands in Sarve and Savanoor villages besides his other property in Jalsoor village of Puttur Taluk and if necessary in Kinnigoli village of Karkal Taluk. The mooloogeni properties in Sarve and Savanoor villages are reported to be worth Rs.2200/- in their present fallow state at present rates. The properties of Jalsoor and Vittal Mudur villages of Puttur Taluk are reported to be worth Rs.43,392-8-0 and Rs.52012/8-0 respectively. The Kinnigoli property has been valued at Rs.69,858- 2-0. The assistant has made these valuations only at present rates. The total value of the properties offered as security as would be seen from the form "IV" report submitted by the Assistant is Rs. 1392-8-0 as against the total value of the property i.e. Rs.2,82,463-12-0 owned by the applicant. The lands of mooloogeni security are reported to be free from encumbrance and relate to Jalsoor village. The Mulgeni property in Sarve and Savanoor villages which are to be admitted under the scheme will therefore be the primary security for the loan while the property in Jalsoor village could be taken as collateral security. It is a big project and no ryot-seeed would ordinarily undertake a work of this kind. The applicant is however a very enthusiastic person who is putting his heart and soul in this work. He has made it his life ambition to see that he brings under paddy as much area as he could. As the security offered is adequate and as the scheme is likely to increase production considerably, I recommend the grant of a loan of the sum of Rs.25000/- on 3 per cent interest recommarable in 25 annual instalments. The land mortgage Bank is charging him 4½% rate of interest on the sum of Rs.15000/- advanced by them on 21-6-50, recoverable in 20 years. It is for this reason that I recommend in the applicant's favour a lesser rate of interest to be charged to pay the loan taken from the Land Mortgage Bank, and to utilise the balance for completing the work. If any more amount is required he will spend it from his pocket and complete it.

Yours faithfully

For Collector.

Ref:- Board's Rc.No.[illegible]/dated 9-9-1950.

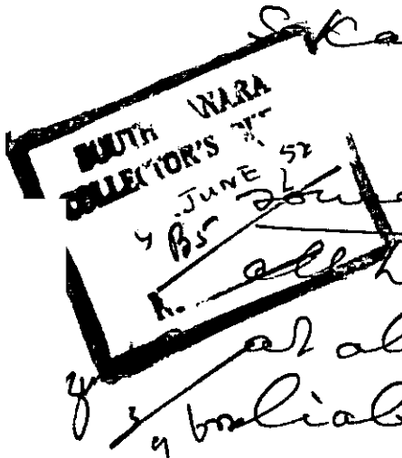
I enclose the records of enquiry pages 1 to 100 relating to the application for a Takavi loan put in by P. Venkatramana Bhat of Enmakaje village.

2. Sri P. Venkatramana Bhat applied for a loan and a subsidy to enable him to put up a dam across the Poramboke river S.No.39 of Punchapadi village in Puttur taluk. He proposes to construct also small channels from the dam site to take water for irrigating his moolgeni fields in Sarve and Savanoor villages which are situated at a distance of about 2 furlongs from the dam in the north in Sarve and Savanur villages. These moolgeni lands belonging to him are now reported to be lying fallow. The petitioner has already started construction of the dam under technical advice and the estimated cost of the scheme is Rs.47,799/- He hopes to bring under second crop cultivation his own moolgeni lands measuring 31.53 acres which are at present and 6.00 acres of dry in Sarve and Savanur villages. He is hopeful that he would be able to convert an extent of about 140 acres of waste lands into wet after securing them on lease under Grow More Food Concessions or on assignment. The total area to be benefitted by the scheme is reported to be about 143 acres of Amruki etc. lands and 32.41 acres of Moolgeni land besides a small extent of garden land.

3. The Tahsildar Puttur reports that the increased output as a result of this venture would be about 79 and odd kgms of rice per year. The Revenue Divisional Officer Puttur who has inspected the site has reported that the lands of several other ryots lying in the vicinity would also be benefitted by the scheme. According to him when the dam is completed and the channels are cleared an extent of 500 acres in all would be brought under irrigation. Both the Tahsildar and the Revenue Divisional Officer have strongly recommended Government assistance in this case by way of subsidy and loan.

W. Dis. H094/52 183

Resubmitted to the Collecto
Kasaragod.



The petitioner is financially
sound. Even at the pre-war prices
his properties have been valu
at about Rs. 167,500/-, whereas his to
liabilities at present are Rs. 28 5
the properties offered as security a
not encumbered. He is prepared to
produce a further non-encumbra
certificate before the disbursement
of the loan amount, in respect of
the last two
years.

587/5-2

The petitioner now resides near
at Enmakaje in Kasaragod taluk.
The work has not been fully complete
Planks have to be covered at some
places to bund the water & channel
have also to be constructed. Additi
II crop in about 28 acres & III crop in abo
29 acres can be raised in the petition
fields, if the work is completed.
The statement of the petitione
may be perused.

Read:
From Sri P.Venkataramana Bhat, petition dated 25.4.50.
From the Board of Revenue, Ref. Rt.7424 dated 3.11.52.

G.O. Ms. 313 dated 2/2/53

In his memorandum dated 25.4.1950 Sri P. Venkataramana Bhat of Yenmakaje village, Kasargod taluk, South Kanara district made the following requests in connection with the construction by him of an anicut across the stream in S.No.39 of Punchapady village, Puthur taluk, South Kanara:

1) that a loan of Rs.25,000/- free of interest repayable in annual instalments of Rs.1,000/- each may be granted;

2) that the lands on either side of the channel leading from the anicut may be assigned;

3) that no rent may be charged for the bull-dozer and tractor made available to him;

4) that a road up to the anicut for 2 miles connecting the Darbe Kaniyoor road near Pudubetta Basthy may be laid; and

5) that he may be permitted to fell timber required for the construction of the anicut from porambokes free of seignourage fee.

The Government have examined these requests and pass the following orders:

Requests (2), (3) and (5) above cannot be complied with.

Request (4) above was remitted for consideration communicated with Government Memo No.24174-1-E/50 L.A. Department dated 30.6.50 to the District Board, South Kanara. for necessary action.

2. The request of the applicant for loan has been examined after calling for the remarks of in consultation with the Collector of South Kanara and the Board of Revenue. It is reported The Collr. has stated that the dam has been almost completed and that the grant of the loan applied for will enable the petitioner to repay the loan obtained by him for the purpose from the Land Mortgage Bank, and utilise the balance for completing the work.

are not admissible for the ~~discharge~~ discharge of the prior debts

The present policy of the Government is not to grant loans to rich persons ~~as they can~~ who can afford to raise funds from other sources. As the petitioner is reported to be sufficiently affluent ~~a rich person~~ and as no loan under the Loans (General) Rules can be granted for the discharge of prior debts, the Government decline to comply with this request.

3. Orders will issue separately on the recommendation of the C.E. which is supported by the Board of Revenue that the Collr. may be asked to obtain from the petitioner an agreement as in the case of contribution works on Govt. Irrigation ~~channels~~ canals.

Dealt with separately in H Sect.

(4) Sri Parthaje Venkataramana Bhatta has undertaken to construct at his own cost an irrigation dam across the Survey river which would irrigate an area of about 200 acres. Sri A.B. Shetty was thoroughly satisfied with this enterprise after personal inspection and had promised all possible help that he could give Sri Bhatha has applied to Government for an interest free loan of Rs 25,000 for which he is prepared to give adequate security. In the absence of help the work may have to be abandoned. The Government may therefore be pleased to expedite the sanction of the loan in the interest of this district.

MINISTER FOR LAND & REVENUE
6-NOV 1952

ADDITIONAL ASST. SECRETARY TO GOVERNMENT
7-NOV 1952
REVENUE DEPARTMENT

M. (L.R.):

Sri Parthaje Venkatramana Bhat applied on 25-4-1950 through the Collector of South Kanara for a loan of Rs.25,000/- for the construction of a dam across the Sarve river in Punchapadi village, Puttur Taluk, South Kanara District, with a view to utilise the water of the river for cultivating his lands with food crops. The dam work has been completed last year and I have personally seen it. I am told that the Collector of South Kanara has recommended the application but no orders have so far been passed by the Govt. in the matter. The application has been pending for over 2½ years. I would like to know what action is proposed to be taken in the matter.

Minister (Health) 4/11/52

I agree
I so send them
M.A Manickavelu
6.11.52

To Secy, Revenue

Revenue Department.

To A.S.

Please see the minutes of M.(Health) and M.(Rev.) above.

2. In his R proceedings R.Dis.2540/48, dated 21-12-1948 the Collector of South Kanara granted permission to Sri P.Venkataramana Bhat of Vittal Padnur village to construct a permanent dam at his own cost across a poramboke x stream in S.No.39 of Punachapadi village, Puthur Taluk subject to certain conditions. In a memorandum dated 25-4-1950 submitted to/M.(Agri.) thethen at a Ryots' Conference at Puthur, Sri P.Venkataramana Bhat made the following main requests:-

(1). Grant of interest free loan of Rs.25,000/ repayable in annual instalments of Rs.1000/- each.

(2). Assignment of lands on either side of the channel leading from the anicut

(3). No rent to be charged for the Bull grader and Tractor made available t him.

(4). Laying of a road upto the anicut for 2 miles connecting the Darbe Kaniyur road near Pudubettu basthy.

(5) Permit free of seigniorage for felling timber for use of anicut.

3. Attention is invited to the minutes of the then M.(Agri.) and the then M.(P.W) on the memorandum at page 1 c.f. Requests (2), (3) and (4) of the petitioner (Sri P.V. Bhat) were examined and action has been taken where necessary - please see pages 5 and 7-9 c.f. Grant of request (5) is presumably not necessary now as the Anicut has been C. Request (1) above namely the grant of Rs.25,000/ free of interest, repayable in 25 annual instalments was in memo dated 26-5-50 referred to the Board of Revenue for remarks. The Board consulted the Chief Engineer (Iri.) and the Collector of S.K. in the matter. The remarks of the C.E. (I) and those of the Collector contained in his letter dated 5-1-1951 are at pages 14 and 20-21 c.f. respectively. The Board has in its reference dated 3-11-52 submitted its report in the matter.

4. The scheme undertaken by the petitioner was estimated to cost Rs. 47,799 and by the end of 1950 he is stated to have spent 28,125/-. On 21-6-1950 he borrow Rs.15000/- from a Land-mortgage Bank at 4½ % per annum repayable in 20 years. The work is said to have been almost completed except for sundry items such as earth connection, stone revetment etc. The question for consideration is whether the loan of Rs.25,000/- free of interest applied for by the petitioner should be granted. The C.E. (I) states that the loan can be granted on the security of the petitioner's lands and not on the anicut structure which may or may not be satisfactory in practice owing to inadequate design or poor materials and nature of work done. The Collector recommends that the

e loan may be sanctioned at 3% interest repayable in annual instalments. His reasons are that the security fered is adequate and that the scheme is likely to crease the production. Hehas stated that the loan, if anted, will enable the petitioner to repay the loan ken from the Land-mortgage Bank and utilise the balance r completing the work. The Board is of the view that no an can be granted for thedischarge of prior debts and at there are also no special groundsfor the grant of an at a concessional rate of interest viz. 3%. The ard has also stated that the immediate G.M.F. potentiali of the scheme is, in the opinion of the C.E., not very ight. Thepetitioner's property was stated to be worth ~~x28,500/-xxxxRsx1,67~~ Rs.1,67,500/- at pre-war prices d its present liabilities are only Rs.28,500/. The ard considers that as he is a rich person he can finance s scheme by raising money from other sources. The Board es not therefore recommend the grant of loan. The present policy of the Government is not to grant takkavi loans involving big sums to rich persons. - Please see extracts of minutes at (S). In the circumstances it is for orders whether the request for interest free loan of Rs.25,000/- made by ~~the~~ Sri P.V. Bhat of S.K. district will be rejected

5. The C.E. in his report on page 14 c.f. has raised the question of additional conditions to be imposed on the petitioner in regard to the scheme. The conditions are: -

(1). That the anicut after completion should become ~~a~~ the absolute property of the Government being on Government land and across a natural stream whose waters vests in Government.

(2). That the petitioner may beallowed to repair the structure as may be necessary and with the permission of the Govt. without affecting ownership of the work by Govt. and right ofGovt.~~x~~ to themselves repairing it.

(3). That the Govt. should be free to use the an[illegible] in any case and channels taking off from it for the irri gatio

of other lands with or without improvements as it suits them and collect water-rates; and

(4) that water rates chargeable on the party may, however, be adjusted against instalments of loans due from him.

The C.E. has stated that an agreement in a suitable form as in case of standard form for contribution works built on Govt. irrigation canals may be also taken by the Collector. The Board agrees to the additional conditions being imposed, and an agreement in a suitable form, as recommended by the C.E. being obtained by the Collector. For orders whether these ~~suggestion~~ additional conditions may be imposed. (It is submitted that if it is proposed to reject the request ~~of~~ for a loan condition No.4 above will not arise).

(6. With reference to the minutes of M.(Rev.) on page 4 ante, it is submitted that Board's remarks on the memorandum on p.1 c.f. were called for in Govt. Memo dated 26-5-1950. The Board ~~referred the matter to the C.E.(I)~~ had to consult the C.S.(I) of the Colln in the matter. The Colln sent his report to the Board on 5-1-51, but ~~for remarks~~. The C.E. (I) had to obtain a report from S.E. on certain technical points before sending his reply to the Board, ~~In his letter dated 12-7-52, the C.E.(I) submitted his report~~ and he was able to submit his report only on 12-7-52. With reference to the remarks of the C.E.(I), the Board called for a further report from the Collector and in its reference dated 3-11-52 submitted its final reply. In the circumstances, it is submitted the Board could not submit its final report to Govt. earlier.)

The file may be sent to P.W.D. and Finance for remarks before circulation.

/ was dealt with C.E. - vide Pp 11, 13, 15, 17 of routine file 6 / 20.11.52

Rc 7.11.52

So far as the request for the grant of takkavi loan is concerned, it is submitted that the sanction of a loan does not seem to be admissible in this case. In the first place the work in question has almost been completed in a

chosen by the applicant himself. According to loans rules the work should, after the loan is sanctioned, be executed under the supervision of the officers of the Govt – pl see instructions in ch ~~IV~~ 7 at pp 88 & 91 of the Loans Manual. The applicant has already raised a loan from the Land Mortgage Bank to the extent of Rs 15,000/- and the takkavi loan is applied for to clear this loan and to carry on sundry items of work. Loans cannot be granted for the discharge of prior debts. In addn to this there is the financial stringency at present and the Govt are not granting takkavi loans of big amounts for the reasons that applicants for such big loans will be rich persons who can afford to raise the loan elsewhere. The Board recommends the rejection of the loan on this grounds also. It is therefore suggested that the loan application in this case maybe rejected

Section to be rejected. A 20.11.52 20/11

The work in qn is construction of a dam across a natural stream was undertaken by the applicant on a permission granted to him by the Collr. The C.E. has suggested certain addl conditions and also the execution by the applicant of an agreement in a suitable form. This matter ~~which does not~~ maybe taken up for examn separately in H Section & for issue of necessary orders in consultation with PWD. Necessary extracts will be given to the Section for the purpose.

I want that matter must not be kept pending for long for want of reply from other depts 20/11 B

The file maybe sent to Dev, F&A(PD), PWD and Fin for remarks

TO A.S.

This file has been sent to this dept. vide the request of one Sri Venkata Ramana Bhat S. Kanara for removal of timber required for construction of a dam at his cost across a mountain stream, free of cost. It is not the policy of the Govt. to grant timber free of seigniorage fees for such purposes. It also stated that the work has almost been completed except for some minor earth work and stone revetment and that the Remaining is a rich person worth nearly 1, 67, 500 at the present rates. It is therefore for orders whether the petitioner request may be negatived or not whether his request will be considered.

If alternative 2 is to be considered Rev may be requested to consult the C.C.F and let Fees Dept see the case again on receipt of the C.C's report. After orders are passed on A above the case may be passed on F & A (F.P).

24.11.52 for 24/11

M.(d.R.) / M.(Health) / M.(PWD.)

3-1-53

It is rather surprising to note that 2½ years after submitting the loan application by Sri P.V.Bhat, it is proposed to refuse the loan on the ground that the work of the dam is almost completed by taking a loan from a Land-mortgate Bank and that no loan can be granted for the discharge of prior debts. Having taken the work on

hand with the permission of the Collector, the applicant did well in completing it early by taking a loan elsewhere in the interest of growing more food crops in his dry lands, without waiting indefinitely for the Govt. loan. I do not see why a takkavi loan, as recommended by the Collector, should not be given even if a portion of it will be utilised for discharging the debt which has been incurred solely for the purpose of the dam work in question.

It is doubtful whether the Govt. can now impose further conditions on the applicant when he has been given permission by the Collector for the construction of the dam on certain conditions as early as 1948 and the work has been completed already.

To AS

The C.E.(I)'s report on p 15-c-f and the P.W dy notes above may be perused and the file may be returned to P.W.

P.W may be requested to let this Dept see the file again after the Bd's report is received and examined

Is the loan referred to under the L.I.L Act?

5/8/52 6-8-52

To A.S

There seems to be nothing in the file to indicate that the loan referred to is under the Land Improvement Loans Act. Under the L.I.L Act loans can be given for any work by which the letting value of land for the purposes of Agriculture will be permanently increased. Therefore, it appears that in the present case also there seems to have no objection to granting a loan under the L.I.L Act if such work

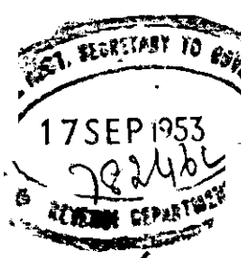
Extract of notes from the file bearing C.No.39051 P&DJ/A

MALNAD DEVELOPMENT - South Kanara Malnad - Grievances Representations and Memorials presented to Minister (Agriculture) during his tour of Malnad.

xx

(3) The Government may expedite the sanction of an interest free loan of Rs 25,000/- to Sri P.Venkataramana Bhatta who has undertaken to construct at his own cost an irrigation dam across the Shiriyar river which would irrigate an area of about 200 acres in Puttur taluk.



After issue the file may be sent to Rev. Dept. with reference to third request under 'Irrigation' on p.1 ante prior to circulation.

xx xx

Revenue Department.

To A.S.

The file has been sent to this Dept. with reference to the representation III(3) at p.1 ante.) The request of one ~~Sri~~ Dr. P.N. Bhat is under the consideration of this Dept. and the report of the Board of Revenue is awaited. The applicant referred to 'M' on p.1 ante is however Sri P. Venkataramana Bhatta. Extracts may be taken for examining the request separately. This may be returned to P.W.D.
